A2	420	×	594
A1	594	×	841
A0	841	×	1189

STOCK PAPERS

Xerox SRA3

Best results: Choose a smooth or coated paper or board. Textured paper will result in a patchy and poor quality print – however, this sometimes aids the design if you are looking for a ‘rougher’ less perfect finish.

Stock: We hold a wide range of paper and board that are all sourced from sustainable forests.

Matt, gloss, silk paper and board from 100gsm to 350gsm

Crackback self-adhesive; clear stickers

Clear transparency

Avery/Bond label sheets for DVD/CD, video labels etc.

Specials: We have tested and can source other materials – call to discuss your specific requirements.

100gsm Tear proof paper

250gsm polypropelene

Tab sets pre die-cut 280gsm (5-gang and 10-gang sets)

DocuCard [link to pdf link – used on old website] – an A4 sheet with polyprop card attached ideal for personalised mailings/letter with memberships cards attached.

Recycled: We have tested many recycled materials and can recommend those that provide good colour reproduction with our Xerox presses.

Epson 9800

Stock:

170gsm poster paper

215gsm Satin Photo Paper

Vinyl Banner material; self-adhesive vinyl

Transluscent Repositional film

Light Stop 200 Micron Polyester Film

Specials to order:

90gsm matt

285gsm Satin Photo Paper and much more.

NOTE: bd3 continually tests new materials on the market to ensure we supply as standard papers and boards, those that will provide you with the best results

If you are looking for something that is not highlighted here, please call 020 8239 4142 and we will do our best to help.

ENVELOPES

We can overprint to front & face (no bleed) of C4 and C5 envelopes (window and non-window) peel & seal white 90gsm. For alternative sizes, we outsource through excellent suppliers that handle both short and long runs competitively priced.

C4 229mm x 324mm

C5 162mm x 229mm

C6 114mm x 162mm

DL 210mm x 99mm
